

Below is the TSE Designation/Survey Fee table.

The fees can be paid yearly or all at once depending on a facility's preference. The applicable fees are also located in each designation application/toolkit, the TSE Standards manual, and in the TSE Rules.

Note:

The site survey fee is only applicable if the facility has not been surveyed by IDHW TSE Program or a nationally accredited body (ACS, Joint Commission, SCPC or DNV) prior to applying or renewal.
