Agenda Item	Discussion	Action Required
Standing Items	<ul style="list-style-type: none"> • <u>Update State Council</u>: The state council is discussing the addition of sepsis to the TSE program. Teton and Driggs were designated as Level 4 Trauma Centers. • <u>EMS Update</u>: none • <u>Coordination of Care</u>: Cheryl Bice is working with Two Bear Air to identify a regional plan for back country rescue. She is trying to create a spreadsheet that will identify local resources for getting critical patients out of rugged terrain. • <u>Community Outreach/Prevention</u>: <ul style="list-style-type: none"> ○ Steve Blados is interested in talking with Walmart and other big box stores about the TSE group providing blood pressure screenings and stroke/STEMI education. He agrees to begin the conversation with local retailers and report back to the group. ○ The EMT course that was going to be held in Marsing has been postponed until January. ○ Saint Al's is offering a "Caring for Women" conference which focuses on primary care and cardiac issues. ○ October 29 is World Stroke Day, an opportunity to improve awareness around stroke signs/symptoms. 	
Subcommittees	<ul style="list-style-type: none"> • <u>Trauma</u>: discussing coordination of care for trauma, including the unified command process, importance of using same terminology. Free modules available online. Utah has a well-defined mass casualty plan that could be a resource to our trauma subcommittee. Joe Lombardo with the County Emergency Management is a good contact. Idaho's current mass casualty incident (MCI) plan has not been reviewed since 1999, some discussion about the TSE committee becoming involved in a review of this process. Marisa to share the Utah standards with the group. Plan to discuss our MCI process in January and try to get local leaders from county emergency management to attend this meeting. • <u>Stroke</u>: no subcommittee report • <u>STEMI</u>: no subcommittee report 	
Case Review	<ul style="list-style-type: none"> • Case Review: John Ross provided a STEMI case review <ul style="list-style-type: none"> ○ Review of AHA/ASA Guidelines ○ West Valley walk-in case, sent to Nampa Health Plaza, but they had a STEMI walk-in, so patient was sent on to SARMC. Importance of Medical Access Center (Saint Al's) and 	

Agenda Item	Discussion	Action Required
	<p>Transfer Center (St. Luke's) in coordinating these time-sensitive events.</p> <ul style="list-style-type: none"> ○ Importance of calling 911 for chest pain. Proposal that we do a campaign in 2017. ● Trauma will present at next meeting. 	
<p>Wrap Up</p>	<ul style="list-style-type: none"> ● Motion to adjourn Louis Monson, 2nd Cheryl Bice. ● Next Meeting: <ul style="list-style-type: none"> ○ November 17,2016 ○ St. Luke's Fruitland ○ Time TBD ● Proposal to set some goals for 2017 at the November meeting. 	<p>Jana to modify agenda: add MCI as a standing item, put community announcements at the beginning of the meeting.</p>
